## LED Control Panel

Easily adjust settings with a sleek design and effortless control.

### Super Cool Mode

Rapidly lowers the temperature to cool food and drinks faster, preserving freshness and taste.

### Super Freeze Mode

Rapidly freezes food to lock in freshness and nutrients.

### Smart Mode

Automatically adjusts the refrigerator's temperature based on ambient conditions.

### Holiday Mode

Save energy by maintaining optimal temperature while you go on holiday.

## 360° Multi Air Flow

Eliminates temperature fluctuations and warm spots, enveloping food in a consistently cool environment to keep it fresher for longer.

## Frost-Free

Optimised air circulation keeps food fresh, and no ice build up or defrosting needed.

## 418L Big Capacity

Finely divided compartments for meticulous organisation, catering to various storage needs.

## Dual-Inverter Technology

Optimal performance, ensuring sustainability without compromising on functionality.

Energy Efficiency

Little Noise

Longer Lifespan
